Loose Leaf Tea Selections

Victorian Earl Grey - A step back into the past! This tea is a wonderful mixture of Rose Congou, rose petals, lavender, rosemary and natural Bergamot oil.

Orange Cranberry - Natural Orange and Cranberry flavored green tea with orange peel and cranberries.

Lemon Myrtle, Organic - Lemon Myrtle is a uniquely refreshing and exquisitely aromatic "tea" from the coastal rainforests of eastern Australia. The essential oils in the leaves are the world's richest known natural source of citral (90-98%). Citral provides anti-microbial and possible immuno-stimulating benefits.

Shou Mei - One of the famous white teas from the Fujian area of China. The multi sized brownish-green leaves are produced from the naturally withered upper leaf and tips and brew to a pale ecru cup for a wonderfully refreshing, slightly sweet taste.

Organic Rooibos - Rooibos "Tea", called the "miracle tea", is not from the Camellia Sinesis plant as are all true teas. Rooibos is processed from the leaf of the Aspalathus linearis and while the liquor looks and tastes very much like tea, this "tea" is 100% caffeine free. It is rich in vital minerals and Vitamin C.

Other Selections: Decaf China Green; Decaf Chai; Chamomile Flowers (Organic); Bangladesh, Kazi & Kazi Estate, Organic Golden Tippy Black; Peppermint (Organic); Spearmint (Organic); China Oolong; Green (August Peach); Green (Blackberry); Green (Chai); White Lilac
